

Building Hope for the Future

“For we are God’s workmanship, created in Christ Jesus to do good works, which God prepared in advance for us to do” ~ Ephesians 2:10

NEW ORLEANS MISSION TRIP

In August 2005, the Gulf Coast suffered through the worst natural disaster ever recorded in the history of the United States. Hurricane Katrina damaged more than 176,000 homes, around 1000 people lost their lives, and hundreds of thousand became homeless overnight. Many people have come together to restore the communities around New Orleans, yet there is much more to be done in Jesus’ Name. The Community Works ministry would like to give you an opportunity bring hope and encouragement to the people of New Orleans. **You will become the hands and feet of Jesus as you help rebuild and restore these neighborhoods.**
